

VII meeting of Interdisciplinary Polar Studies (3rd year) in IO PAN Sopot

20-21 March 2018

**20 March**

- 10:00 – 11:30** Lecture: Parameters describing the ocean-atmosphere system.  
(dr hab. T. Zieliński, prof. IO PAN)
- 11:30 – 11:45** Coffee-break
- 11:45 – 13:15** Lecture: Selected issues of the atmospheric dynamics.  
  
(mgr P. Markuszewski)
- 13:15 - 14:45** Lunch
- 14:45 - 15:30** Seminar: Selected issues of the meteorology. Part I  
(mgr. P. Markuszewski)
- 15:30 - 15:45** Coffee-break
- 15:45 – 16:30** Seminar: Selected issues of the meteorology. Part II.  
(mgr. P. Markuszewski)

**21 March**

- 10:00 – 11:30** Lecture: Modelling as a tool to support studies of the marine environment. (dr Anna Przyborska)
- 11:30 – 11:45** Coffee-break
- 11:45 – 13:15** Lecture: Modern measurement techniques and description of measurement networks. (dr hab. T. Zieliński, prof. IO PAN)
- 13:15 - 14:45** Lunch
- 14:45 - 15:30** Seminar: measurement techniques. Part I  
(mgr. P. Markuszewski)
- 15:30 - 15:45** Coffee-break
- 15:45 – 16:30** Seminar: measurement techniques. Part II  
(mgr. P. Markuszewski)
